

ATOM SPIES ROSENBERGS DIE CALMLY

OSSENING, N. Y., June 19 (AP) — Julius and Ethel Rosenberg, silent and without emotion, died in the electric chair tonight for betraying atomic bomb secrets to Russia.

Julius, treading firmly and unsupported by guards, entered the Sing Sing death chamber first, at 8:04 p. m., as a chaplain intoned the 23d Psalm by his side. Two minutes later he was pronounced dead.

His wife was then led in, at 8:11, and she was dead at 8:16, just 15 minutes before the last rays of the setting sun betokened the start of the Hebrew Sabbath.

Their deaths ended a frenzied day of dramatic legal moves after the Supreme court had voided a stay of execution previously granted by Associate Justice William O. Douglas.

There was no demonstration outside the walls of the grim fortress prison on the banks of the Hudson river, but 30 miles away in New York City, the Rosenbergs' home, police stopped a mass meeting of 5000 persons as a hysterical wave of screaming and shouting arose as the hour of execution arrived.

The Rosenbergs were the first civilians in American history to die for espionage.

The day's dramatic efforts to save the couple—there were nine appeals by lawyers to jurists in Washington, New York and New Haven for stays after the Supreme court acted—were climaxed as President Eisenhower rejected a plea for clemency with a sharply worded statement.

"I can only say," said Eisenhower, "that by immeasurably increasing the chances of atomic war, the Rosenbergs may have condemned to death tens of millions of innocent people all over the world."

As the Rosenbergs, their final reprieve gone, entered the death chamber, their two sons, Michael, 10, and Robert, 6, were being cared for by family friends at Toms River, N. J., 100 miles away.

Although their last day had been filled with stormy excitement outside for their supporters, there was but a single, small moment of drama within. Ever since they were convicted, the Rosenbergs displayed stoical calm.

But as Ethel, a short, plumpish woman of 37, stood before the electric chair in a strapless green patterned dress and slippers, her small mouth seemed twisted, though none could say if it was a smile or sneer.

She took one step, then turned suddenly toward Mrs. Helen Evans, prison matron who had walked to the chamber with her. Mrs. Rosenberg pulled Mrs. Evans to her and they kissed.

Visibly affected, the matron quickly left the room with Mrs. Lucy Many, a telephone operator who had also accompanied Mrs. Rosenberg.

Mrs. Rosenberg sat down calmly and her arms dropped limply on the chair sides. She winced slightly as the electrode helmet was attached to her clipped head and the restraining thongs were fitted in place. The other electrode was connected to her bare right leg.

Then a long moment, followed by a low rasping rattle as the execution switch was thrown. Her hands clenched and her body surged against the straps as three jolts were sent through her.

Two physicians examined her in murmured consultation. They signalled, and again Joseph Francell, the executioner, threw the switch a fourth and fifth time. The body moved again.

Then it was over.

Mrs. Rosenberg probably did not know that her husband was the first to go. His execution came first so that she would not have to see him in the pre-execution cell to which he had been taken earlier in the day.

Julius, 35, his eyes staring, was apparently oblivious of the ten official witnesses in the tiny room. He sat quietly as all the deadly gear was fixed in place.

After three jolts, the first three seconds long and then two of 57 seconds each, the physician approached him, tore the undershirt that covered his chest and applied their stethoscopes.

The body limply hung against the leather straps. His eyes still had their fixed look of staring wonderment.

The doctors pronounced him dead and the body was swiftly placed on a white medical cot and wheeled from the room.

As each died Rabbi Irving Koslow, Jewish prison chaplain, stood beside the chair, murmuring prayers in hushed whispers. To Ethel Rosenberg, he intoned the 15th and 31st Psalms.

From time to time he kissed his prayer book. He did not look at either as the electric charges were applied.

What Mrs. Rosenberg's last possible words may have been were Mrs. Evans' secret. For after they had embraced, the matron spoke to the doomed prisoner, and Mrs. Rosenberg seemed to reply. But the words she spoke were indistinguishable to those watching.

The executions were scheduled three hours before the customary Sing Sing hour of 11 p. m. so that the grim work would be finished before 7:31 p. m. when the Hebrew Sabbath began.

Twice during their final day the Rosenbergs were permitted to see each other. During the morning (Continued on Page Two)

WALL AT PARK MAY FALL, EXPERT WARNS

State Flood Man Predicts Collapse in Event of Prolonged Rain

SURVEY TO BE REPORTED TO HARRISBURG DIVISION

A State flood control expert said yesterday that if the damaged wall of the island in the Manatawny creek in memorial park isn't reinforced soon, the whole wall may be washed away.

George H. Geil, assistant chief flood control division, Department of Forests and Waters, Harrisburg, made this point after a detailed inspection of the island yesterday in company with park association and borough leaders.

A section of the wall was undermined and washed away in the high water following the heavy rains of three weeks ago. The park association is seeking State assistance in arranging for repair of the wall.

Geil will make a report on yesterday's survey to Samuel S. Lewis, secretary of the department. William F. Lamb Sr., chairman of the special park association committee on the wall, said a group probably will go to Harrisburg for conferences with Lewis.

Three Scouts of Explorer Post 106, Stowe, make every effort to jam as much gear as possible into a duffle bag in preparation for a trip to the Philmont Scout ranch in New Mexico. The three boys, left to right, are Dale Schneider, Charles Nagle and Clair Endy. All four left Stowe early this morning for a ten-day stay at the New Mexico camp site.

VAUGHAN SELLS HIS HOME HERE

Knitting Company Head Will Move to Virginia

Andrew E. Vaughan Jr., president of Vaughan Knitting company, has sold his home, Mid-Acres, Pottstown RD 1, and is moving to Virginia, it was learned yesterday.

Mr. and Mrs. Vaughan and their daughter, Mrs. Vaughan Fitch, will move within two weeks to Wytheville, Va., where one of the company's three Southern mills is located. The other two are in Spruce Pines, N. C.

The manufacturing end of the company was transferred the past year from the big brick plant at High and Manatawny streets to the southern mills.

The Pottstown plant has been used as a shipping department and the retail sales department. The building has had a large for-rent sign on it since late the past December.

Scouts Go On Trip To Western Ranch

Six area Explorer Scouts and their advisers packed up their gear and headed West early this morning.

The Scouts and two advisers who left at an hour when most residents are still slumbering began their 5000-mile jaunt to the Philmont Scout ranch in New Mexico.

Preparations for the journey got underway some time ago, but yesterday three of the Scouts, Dale Schneider, Clair Endy and Charles Nagle, of Explorer Post 106, Stowe, got down to the serious business of (Continued on Page Three)

THREE INJURED IN AREA CRASH

Station Wagon, Truck Collide Near Pennsburg

Three persons were injured and four vehicles damaged when a station wagon and pickup truck collided head-on near Pennsburg late yesterday afternoon.

The injured were Percival Haas, 60, Pennsburg RD 1, admitted to Pottstown hospital for observation; Frank L. Snyder, 30, Green Lane RD 1, driver of the truck, treated by a Pennsburg physician, and John Raymond Heitzmann, 38, Reading, treated for knee injuries at St. Joseph's hospital, Reading.

Troopers Raymond H. Miller and Harry A. Neiman of the Jeffersonville State police reported the accident occurred just west of Pennsburg on Route 663. They set total damage at \$950.

Heitzmann was proceeding north on 663 in the station wagon (Continued on Page Three)

Truck Leaves Road, Bursts Into Flames

Fire broke out in the engine and cab seats of a gravel truck yesterday morning after it plowed into an embankment along Upper Lewis road between Limerick and Royersford.

The driver, Lewis Hooper, Elverson, said he was forced off the road by a car. Gravel was spilled when the truck hit the embankment. Hooper escaped injury.

Linfield Fire company put out the fire quickly after it was called by Mrs. Walderman S. Uba, Royersford RD 1, near Hallman's Corner, who had seen the fire from her house nearby.

DAD'S GAINING IN POPULARITY SURVEY SHOWS

Businessmen Here Report Sales Good for Father's Gifts

COLOGNE, NECKTIES, MUGS AMONG POPULAR PRESENTS

By FRED C. SELBY (Mercury Staff Writer)

Father, who used to be only a poor relation to Mother when it came to having special days, is coming into his own this Father's Day.

This gratifying report came yesterday from a half-dozen Pottstown businessmen, who were almost unanimous in agreeing that in the past few years, Father's Day has been gaining rapidly on Mother's Day as far as gifts are concerned, and now is almost even with it.

Jack Hoffman, a partner in The New York store recalled that only a few years ago, if one man wanted to know how another man made out on Father's Day, all he had to ask was: "How many neckties did you get?"

"Ties aren't the big item they'd been at one time," Hoffman continued. The new favorite seems to be sports shirts, with pajamas and swimming trunks not far behind, he asserted.

"Within the last few years," he said, "there's been a big increase in Father's Day business. Today, it's just about as important to men's departments as Mother's Day is to women's departments."

ARTHUR S. Weitzenkorn, president of A. Weitzenkorn's Sons clothing store, backed up Hoffman's assertions about ties and sports shirts, and went on to add that the womenfolk also are using Father's Day as a time for fancying Dad up.

Among popular items this year, he said, are cologne, powder, lotions and deodorants, and kits for such things as manicures and shoe shines.

The one new item proving popular he said, is hand-painted porcelain old-fashioned shaving mugs. They're now used for planting ivy, for hold-ashes, for holding Father's favorite beverage—for practically everything but shaving.

Weitzenkorn said he believed one reason for the rapid growth of Father's Day in the past few years is that women gradually are learning that with the day coming on June 21, it's a good time to give him the season-change items he was going to get sometime anyway.

THE WOMENFOLK aren't forgetting Father to buy his own gifts. Even in a men's store, Weitzenkorn said, "Eighty percent of the Father's Day gifts are bought by women."

Lost Parakeet Dies, Boy Gets New One

Yesterday was a day of both joy and sorrow for nine-year-old David Gaugler, of Stowe.

Two days ago David lost his pet parakeet when it flew off his mother's shoulder while she was out in the back yard hanging wash. The bird found its way into the home of Ernest Cauffman, 117 Potts drive, Pottsgrove Manor.

Following an announcement in The Mercury yesterday morning, Mrs. Stella Gaugler, David's mother, of 425 Berks street, Stowe, telephoned Cauffman and said the bird answered the description of her son's.

The parakeet shortly afterwards died of pneumonia. David's parents bought him another bird last night. He's happy again.

JUDGE CORSON BARS NEW TRIAL IN CRASH CASE

Defendant Ordered to Appear For Sentencing by Court Next Month

A 19-year-old Pottstown motorist, charged with involuntary manslaughter, will be sentenced in Montgomery county court next month.

William S. Embody Jr., 325 North Manatawny street, was refused a new trial yesterday and directed to appear for sentencing the morning of July 10 by Judge George C. Corson.

Embody was arrested on the night of this past Oct. 30 after the death of Theodore Masser, 48, Douglassville.

He was operating an eastbound car which collided head-on with Masser's westbound sedan. The Douglassville motorist died instantly as a result of the violent crash.

IN SUSTAINING THE court's decision of this past Feb. 6 Corson ruled, "there was ample evidence to justify a finding by the jury that Embody operated his car on the left side" of the wide four-lane highway.

Masser was on his way home from work at the Doehler-Jarvis division where he was employed as a second shift worker.

Testimony was presented during the trial which showed Embody had been drinking beer at the Candlelight inn, Douglassville, before the accident, but that he was not visibly intoxicated.

The accident took place at approximately 11:40 o'clock on Oct. 30. Riding with Embody in the eastbound car were Richard Umstead, 22, of 269 West King street, and Dorothy Motko, 17, of 323 Cherry street.

THE TWO CARS collided between Gable avenue and Berks street. (Continued on Page Three)

Hospital Group Votes to Accept Seawell's Notice

The resignation of Pottstown hospital Administrator, A. C. Seawell, was accepted yesterday.

The administrative committee of the hospital board of trustees "reluctantly" recommended acceptance of Seawell's resignation as of next Sept. 1.

The board met yesterday morning with the departing administrator and after reviewing his resignation announcement, submitted this past Monday night, voted to recommend to the board acceptance of Seawell's departure.

Members decided to hire a hospital-trained man to replace Seawell, who is leaving Pottstown to head the Butler County Memorial hospital.

The 52-year-old Seawell, who served as administrator of the Pottstown hospital since October, 1946, has volunteered to help secure a capable replacement and to return from time to time in an advisory capacity if necessary.

The administrative committee, Edward L. Gruber, D. K. Bullens, Sam Keiser, Charles L. Schulz and Robert Conner (only member not present) made the decision late yesterday morning.

THEY RELEASED the following report after conferring with Seawell:

"Mr. Seawell has received a very attractive offer from the Butler County Memorial hospital which offers many challenges and financial opportunities that are far greater than exist at the Pottstown hospital."

"The Butler hospital is a 300-bed hospital as compared to Pottstown's new hospital which, when completed, will be a 200-bed hospital."

"Butler hospital is about to complete a new three and one-half million dollar expansion program that will be ready for occupancy Jan. 1; also the new hospital will maintain a 150-unit student nurses' training school."

"THE COMMITTEE doesn't feel that they can conscientiously urge Mr. Seawell to stay at the Pottstown hospital, knowing that it was his outstanding achievements at Pottstown that brought him to the attention of the Butler people."

"This represents a real promotion and advancement to Mr. Seawell."

Summer to Arrive Officially Tomorrow; Fair Weather Seen

June is one month out of the year that seemingly agrees with the weather predictions.

That is what one old timer said yesterday as he snuggled closer to a shady tree along the banks of the Manatawny. His warped fishing pole lay nearby, just within reach.

There is only one thing wrong with the hot, sunny weather, according to the fisherman. Fish aren't apt to bite as often during a hot spell as they do when the weather is damp.

But despite his theory on fishing and weather, it was a record day for swimmers and sunbathers. As the sun beamed from the sky for the fifth straight day, it gave indications of ushering in a warm and yet not too hot Summer.

IF THE astronomer is correct, the sun is but a day away from the Summer solstice, that imaginary line which divides Spring and Summer.

Officially then, you can expect the hot season to arrive in Pottstown tomorrow.

Sentencing Delayed In State Liquor Case

The sentencing of a Pottstown violator of the State Liquor Control act, slated for yesterday, has been postponed until next week.

Lawrence Calloway, 63, Hilldale, will be sentenced next Friday by Judge Harold G. Knight.

He was arrested this past March 13 in a mass raid on Pottstown speakeasies by liquor agents, county detectives and Pottstown police.

He was convicted this past June 9. Agent William L. Campbell testified he and another investigator visited Calloway's home on Jan. 18 and bought a pint of homemade wine for \$1.

Reds Protest Communist Demand Immediate Escaped POWs Roundup

MUNSAN, Saturday, June 20 (AP) — The Communists today demanded immediate recovery of off the armistice talks. But it was a telling blow to the prospect of a few days ago for an immediate truce.

US officials in Washington had no immediate comment on the Communist demand for recapture of the released prisoners, but indicated they had expected a strong protest.

"IS THE UN able to control the South Korean Government and army?" the Communist protest asked.

"If not, does the armistice in Korea include the Syngman Rhee clique?"

"If it is not included, what assurance is there for implementation of the armistice (Continued on Page Three)

Rutabagas Rate High as Health Food

Improved American Purple Top Rutabagas Need Elbow Room

Rutabagas deserve more recognition than they get in most home gardens for they are excellent health food. They are a good source of vitamins B-1 and C.

If you would like to try them this year, rutabagas can be planted from the end of June to the middle of July. They will mature in October.

Plant the seed one-half inch deep. The plants need elbow room. Therefore, thin the seedlings to 12 inches apart, as shown in the accompanying Garden-Graph.

Improved American purple top rutabaga is illustrated. This special strain is a dependable variety. The flesh is light yellow, firm, sweet and tender. The roots keep well. It is an 88-day variety.

Rutabagas differ from the common turnips in having more of a cabbage-like foliage. The roots grow to a much larger size and are better keepers.

Extension Service Announces Booklet On Work Published

A 32-page illustrated statement on the scope of this work for 1952, the annual state-wide report of the Agricultural and Home Economics Service has just been published, and copies of it, while they last, may be obtained from the Chester county extension office in the Courthouse annex, West Chester, reports County Agent Robert A. Powers Jr.

The booklet is a compilation of

extension work in Chester and the other 66 counties of the Commonwealth, and based on the various major subjects in agriculture and home economics.

It relates how farm people, in particular, have benefited from this educational service.

The report explains that extension work, a part of the educational system of the Pennsylvania State college, is administered by

the College in co-operation with the United States Department of Agriculture and with local support in the counties.

Its title, "Extension and You," reflects this three-way public support.

Large Crop Forecasted

HARRISBURG, June 19 (AP) — First 1953 forecasts today indicated a crop of 2,166,000 bushels of peaches from Pennsylvania orchards, according to the State Agriculture department.

Federal-State surveys showed the peach total will be slightly under the 2,280,000 bushel total of the past year. But it still is higher than the 1942-52 average of 2,087,000 bushels.

Gardening This Week
By CYNTHIA LOWRY
CHAPPAQUA, N. Y., June 19 (AP)—I've discovered that the easiest and most painless way to have a passable garden without killing myself is to concentrate on a couple of areas: careful planning for a succession of bloom by using both annuals and perennials, and—even more important—to make

sure that my grass is always neatly cut and the edges carefully trimmed.
Even if the garden itself is a little ragged as far as weeding and cultivating is concerned, good trimming of the edges and good grooming of the lawn areas makes a pleasant impression of tidiness.
One year, returning home from vacation, my garden looked amazingly well as I rolled into the yard. I'd hired a boy to keep the grass cut and the edges trimmed. Weeds were growing in profusion in the beds, and plenty of attention was needed everywhere, but just keeping the frame of the garden in shape kept the whole effect from looking like an abandoned plot.

Hedges, Background Plants Can Be Grown From Seed

Plants with decorative foliage are especially useful to new home owners who need screen and background planting at small expense, quickly effective.
If landscape plans have not fully taken shape, and it is desired to test the effect of a large shrub in a certain place, before actually planting it, the gigantic castor bean can be grown in a few weeks.
From one small bean can be grown a beautiful plant eight feet tall and as large in diameter. The leaves are huge, beautifully shaped, of bronze or maroon coloring.
The Zanzibar strain will produce plants 12 feet tall, in favorable locations, with rich soil and plenty of water.
For a low hedge around a flower planting, or to serve any similar purpose, the fine leaved fire plant Kochia childsi is excellent. Conical bushes 2½ feet high with fine light green foliage can be grown singly or close enough together to be trimmed as a hedge. In the late Summer the leaves turn to crimson.
The softly brilliant coloring of coleous plants reach their full brilliance in a sunny location, and will grow quickly from seed.

COLEUS. KOCHIA. AMARANTHUS TRICOLOR. JOSEPH'S COAT. RICINUS-CASTOR BEAN

A mass planting in a front yard focal point is highly decorative. New leaves develop throughout the Summer and the colors never fade.
PREVENT DISEASE LOSS
Wherever possible, use disease-resistant vegetable varieties to prevent disease loss, urges O. D. Burke, Penn State extension plant pathologist. Such varieties yield well, and they cost little more than susceptible varieties.
About 722,000 people are employed in Great Britain's coal industry.

STATE SEEKS BIDS
HARRISBURG, June 19 (AP)—The General State authority will accept bids July 29 on construction of a flood control dam and reservoir on the first fork of the Sinnemahoning creek in Cameron county.

Corn, Grassland Clubs To Operate This Year

The Pennsylvania Corn club and the Pennsylvania Grassland club, both open to Chester county farmers; will operate again in 1953, announces County Agent Robert A. Powers.
The clubs will be sponsored by the Pennsylvania Crop Improvement association in co-operation with the Agricultural Extension Service.
Purposes of the two clubs are similar — generally, to stimulate better farming practices in growing corn and in seeding and use of grasses and legumes.

STATE AWARDS CONTRACTS
HARRISBURG, June 19 (AP)—The Department of Property and Supplies today awarded contracts totaling \$23,941 for renovations at the State armory at Washington.

Legion Juniors Lose; UAW Defeats Forgers

SOUDERTON WINS, 6-5, WITH RUN IN 7TH

A score-tying four-run rally in the sixth inning went for naught last night as Pottstown Legion Juniors dropped their first game, 6-5, at Souderton.

The defending league champs continued their hoax over Pottstown on their home lot by scoring a run in the bottom of the seventh for the win.

Coach Buck Rhoads' Amoles lost their magic touch in the field, and the hitting slowed down somewhat from the 14 safety attack generated in the opening win against North Wales.

Redbirds Scores 13-2 Victory Over Thomas Motors

The Redbirds sent up a big mushroom early and rode in on its crest to bomb out Thomas Motors, 13-2, at Franklin field annex last night.

In winning their fourth City Softball nod in seven decisions, the Birds put the skids to Thomas starter Paul Stofko in the very first inning, rocking him for seven big runs.

They came across in smaller bunches thereafter while Johnny Klapotsky blanked the Motormen for the first six frames before they caught up to him for a brace in the seventh. Joe Schreck's double was the big blow there.

Klapotsky, who garnered the decision on a six-hitter, blasted a double and a triple in four trips to pace the Birds along with Monk Weber, who collected three singles in the victors' 14-hit barrage.

MAL SHIREY and Schreck each grabbed a couple of bingles for the Motormen.

Stofko also passed eight batters over the seven-inning route to keep himself steadily bathing in hot water. Klapotsky passed but two and fanned 10.

Coventry Brethren Throws SS Loop Into 3-Way Tie

Coventry Brethren muscled its way into a three-way tie for the Sunday School league lead last night with its second win on successive nights, a 7-3 cropper over Emmanuel at Memorial park.

The decision in the Brethren's favor left them, Emmanuel and Transfiguration in a standoff for the top perch, each having a 3-1 record.

The losers swatted eight hits — as many as the Brethren netted — including four extra base blows. But three of their own errors ably supplemented the victors' eight single swats and gave Fran Wampler the mound victory over Paul Miller.

Miller was yanked after 2 1/3 rounds in favor of Guernsey Biehl, who surrendered the three remaining Coventry counters.

Gordon Wampler's single, and George Keller's overthrow on Bob Swavely's infield hit gave the victors a run in the first.

THEN THEY clinched matters

All-Hill Final

McRae Beats Merkelbach for Title

NEW HAVEN, Conn., June 19 (AP)—Blond, handsome Finley McRae of Mobile, Ala., captured the Eastern Intercollegiate Golf association's title today with a 3 and 2 triumph over his Hill school teammate, Don Merkblebach.

McRae, who is headed for Princeton, used his iron to advantage over a tired Merkblebach. His round included three birdies.

McRae gained the final by eliminating Bob Galloway of Woodberry Forrest, Orange, Va., 3 and 2, this morning, while Merkblebach was rallying to score a one up triumph over Glenn Mitchell of St.

John's, Washington, D. C. Merkblebach had the tougher time of it in the semi-final, winning after finding himself two down and three holes to go.

McRae succeeds Edwin Vane of Philadelphia, the 1952 champ, who during the past season was captain of the Yale Freshman golf team.

Sam Iness Sets Discus Record At 183 Feet

LINCOLN, Neb., June 19 (AP)—Sam Iness of Southern California established a new national collegiate track meet discus throw record tonight with a toss of 183 feet.

The former meet record was 174 feet, 8 1/2 inches by Archie Harris of Indiana in 1941.

A heavy wind and dust storm struck near the close of the preliminaries of the meet held in Nebraska's hot and humid twilight.

Willie Williams, Big Ten champion from the University of Illinois zipped off the 100-yard dash in .09.4 seconds.

Williams' time equaled the meet record held jointly by four athletes but was not allowed because the Illinois was aided by an eight-mile-an-hour wind. Williams defeated Thane Baker of Kansas State by inches in the first heat of the semifinals.

PAA Juniors to Play Shamrocks Today

PAA Juniors and Shamrock Juniors will play a practice game on Memorial park field No. 2 at 2:15 o'clock this afternoon.

PAA coach Dave Detar asks that all players currently on the team and any new players desiring a tryout, should report at the field at 1 o'clock.

DAVE REIDENOUER WINS 1ST START, 3-1

UAW 644 made the most of three hits and six Valley Forge errors for a 3-1 victory in the City Industrial league last night.

The win boosted the Workers into a second place tie with St. John's, both sporting records of 5-2. The loss was the Forgers' sixth in eight games and leaves

them resting in their fifth place position.

A pair of slow-working southpaws, Dave Reidenouer and Dick Gutwein made their first mound appearances of the season. Reidenouer gave up the most hits, but he received better support in the field and was tough with men on base.

Reidenouer walked two Forger batters in the first inning, but he picked a runner off second base and struckout two others.

Gutwein ran into trouble in the second inning after two were out.

Shamrocks Top Kenilworth in 8th

The Shamrocks shoved over a couple of runs in the top of the eighth to topple Kenilworth, 4-2, and string up a win in their initial Junior league outing of the year at Memorial park.

Singles by Al Gnoza, John Artim and Jim Hallman and a walk to winning twirler Bob Weiser accounted for the winning edge as the Rocks retaliated to cut down Kenilworth after the latter had tied the count in the fifth with a two-run burst of their own.

The victors counted single runs in the third and fifth to assume an early 2-0 bulge on Terry Shaner, who went the route for the Kenils.

Cliff Carly of the losers and the Rocks' Gnoza paced their respective teams with two singles apiece.

All Stars Stock Car Racing Club Stages Benefit Show at Sanatoga Track

Upwards of 50 ambitious stock car race drivers and a quartet of eccentric junk dealers will convene tonight at Sanatoga Speedway bent on staging the most enchanting motor show of the year at the suburban racetrack.

It will be all business for the race pilots, all card-carrying members of the All Stars Stock Car Racing club, who will be assorted for combat in an eight-event, 100-lap program. For the junkies, it will be another zany fling in the "destruction derby," a racing sideshow being tossed into the program for good measure.

And the whole show is for charity.

Promoter George Marshman has announced that all net proceeds from what is expected to be a full house, will go to the Junior auxiliary of the Pottstown hospital. The auxiliary, in turn, will turn the cash into equipment and maintenance for the hospital's orthopedic clinic, often a haven for the underprivileged.

As usual, a solid block of points will be in store for the big winner tonight. Race drivers thrive on points and the chauffeur who finishes the season with the top accumulation gets the fattest share of a kitty set aside for such rewards.

Others in tonight's field will include Frank and Rocky Ewing, the Twin Borough brother team, Ralph and Warren Mutter of Boyertown, Pottstown's Jim Ryan and Don Smoyer, Paul Gregory of Norristown and Benny Frutman of Temple.

The latter two were severely shaken up in the ten-car collision that resulted in the death of two drivers last Sunday at the Reading fairgrounds. However, both have vowed to return to the stock racing wars tonight.

SCORER ED SOVIA and timer Len Kemp are predicting possible record runs tonight if the weather is good and the track is fast. The All Stars will be happy to get back on the familiar macadam surface, they point out.

In the "destruction derby," an attraction created by Marshman three years ago, three oldtime autos and a hearse resurrected from the junk heaps will battle it out. At the fall of the green flag, the four competing jalopies will have at one another in any manner their drivers prefer. The thing ends when three of the entries are banged into retirement.

As a special attraction tonight, a mystery driver will be at the helm of the hearse. First of three or four heat races goes off promptly at 8:30 p. m. Two semifinals, the consolation, the derby and windup follow in rapid order.

IN FACT, it will be Leshner, rather than Rodenberger, who will go into tonight's 30-lap windup event as the favorite. Before the weather

Olson Pans Paddie for US Middle Crown

NEW YORK, June 19 (AP)—Baldie Bobo Olson, a relentless barrage puncher with a masterful left, won the American middleweight championship on a unanimous 15-round decision tonight by slashing the face of durable Paddy Young into a bloody mask.

Qualifying for an August date with Britain's Randy Turpin for the undisputed world title vacated by Sugar Ray Robinson, the Hawaiian-born San Francisco boxer proved too sharp and fast for the ever-game youngster from New York.

Still, at the end of the blistering battle, it was Young storming down the stretch, blasting away with his left hook that thrilled the crowd of 7418 that paid \$36,250 into the Madison Square Garden, box office to see the nationally televised bout.

There were no knockdowns in the fiercely-fought battle that was won decisively by the 24-year-old lad from Hula Land. Stabbing, hooking, jabbing with his highly-educated left, Olson did everything but sign autographs on Paddy's knicker as he rolled home like a 3 to 1 favorite should.

Judge Art Susskind, scored Olson a lopsided 12-3 winner in rounds. Judge Art Aidala had it 11-3-1 and referee Peety Scalzo 9-4-2, all for Olson. The AP card also scored 11-3-1 for the sloped-shouldered winner.

IT WAS SIMPLY a case of too much fighter for Paddy to handle although the gamester never stopped winging with his free swinging style. Time after time he crashed home his payoff left to the body, only to run into another Olson barrage.

Olson, 159½ to Young's 159½, sliced open a cut under Paddy's left eye in the 10th after reddening the spot for several rounds.

In the 15th, he cut Paddy around the right eye. With Olson also leaking from a nose bleed, it was a gory finish.

Cardinaletts Drub Norristown, 13-1; Donkey Tilt Tonight

The Pottstown Cardinals plastered Norristown's Grisdale All Stars for a dozen hits in flattening the hosts, 13-1, last night. Mary Jane Delp, rapidly assuming the bulk of the team's weekend pitching chores, turned down the Stars on three singles in hanging up the mound nod.

Jane Yergey and Liz Smith each powered three hits to pace the attack and Lois Adams blasted a single and double as well. Her two-bagger got the victors' first inning two-run blast under way, and Miss Yergey's triple fired a three-run second round rally.

They clinched the deal with a seven-run outburst in the fifth in which everyone but Maryellen Gantert and Miss Delp contributed a hit.

The Cards host the Newberry Sluggers of Williamsport this afternoon in a 2:30 test at their Monocacy field on Route 83. They take on the Kulpstown AA men in donkey baseball tonight at 9 p. m. on the same site.

MILWAUKEE, June 19 (AP)—The New York Giants jumped on three Milwaukee pitchers for a 15-1 victory tonight behind Sal Maglie's sparkling four-hit hurling to snap a three-game winning streak for the front-running Braves.

Maglie, who missed a shutout when Dave Cole, third Milwaukee pitcher, lashed a 385-foot home run over the leftfield fence in the sixth inning, led the Giants at the plate with three hits and four runs batted in.

Shuba Stars in Vain Meyer Six-Hits Cubs, 7-1, in Second After Kiner, Sauer Axe Bums in 1st

CHICAGO, June 19 (AP)—Russ Meyer halted Brooklyn's four-game losing streak today and also snapped a four-game Chicago winning skein as he pitched the Dodgers to a 7-1 six-hit victory over the Cubs in the second game of a doubleheader.

The Cubs won the opener, 11-8, as Hank Sauer, Ralph Kiner and Ransom Jackson hit homers. Jackson connected in the fifth to wipe out a 6-2 deficit.

Rookie Wayne Belardi's three-run homer paced Brooklyn to its second game victory before 18,776 in near 100 degree temperature.

The 22-year-old Belardi, playing first base due to Gil Hodges' foot injury, batted in five runs in Meyer's second taming of the Bruins. Meyer fanned eight in posting his fifth triumph.

The only Chicago run off Meyer was Jackson's second homer of the day, a drive into the left field bleachers with one out in the second.

Pee Wee Reese and Duke Snider were banished by Umpire Augie Donatelli in the opener for protesting too long and too loudly on Jackson's grand slammer against the white marker on the screen in front of the fence on the left field catwalk.

Brooklyn started rapidly in the opener when George Shuba, sitting in for injured Jackie Robinson, smashed a three-run double in the first inning. Hank Sauer homered with Kiner aboard in the Cub first but the Brooks scored three times without the aid of a hit in the second inning to gain their 6-2 advantage.

Goodman Paces Bosox 4-1 Win

BOSTON, June 19 (AP)—Billy Goodman collected a pair of doubles and a single out of four batting tries tonight while pacing the Boston Red Sox to a 4-1 victory over the St. Louis Browns. Goodman scored the first run and drove in two sixth inning tallies while extending his hitting streak to 15 consecutive games.

Roy Sievers' first homer of the season was the first of the two hits left Maury McDermott gave up during his six innings on the mound.

After Gene Stephens beat out a hunt in the sixth, McDermott walked with two out. Both were driven in by Goodman's second two-bagger.

Manager Lou Boudreau, figuring that McDermott had over-exerted himself scoring from first base, called upon dependable Ellis Kinder to finish the game. Credit, however, went to McDermott, who now has a 7-5 record.

VIOLENCE HITS LONDON, PARIS AS A-SPIES DIE

Rioters Shout Anti-US Slogans, Battle in City Streets

LONDON, Saturday, June 20 (P)—Street fighting flared in the heart of Paris today and anti-American slogans echoed in London demonstrations as the Rosenberg atom spies were executed at Sing Sing prison.

More than 1000 persons were arrested and at least one man was shot in Paris where demonstrators clashed with armed riot police.

The executions came after Friday midnight, European time. The demonstrators had boiled up hours before with the cry of "save the Rosenbergs."

The main disturbance put down by Paris police was on the fashionable Rue Royale where several hundred yelling demonstrators tried to move toward the Place de la Concorde and the heavily guarded US embassy.

HUNDREDS OF OTHER demonstrators, many teen-agers, massed along the Champs Elysees and other main sectors of the French capital.

Several Paris policemen were reported wounded in clashes during the night. Two news photographers also were reported injured.

In London, thousands of bitter demonstrators roamed the West End shouting anti-American slogans as word came that the Rosenbergs finally had been executed.

When the word came, London Communists appeared with banners denouncing the execution. Others waved copies of the London Daily Worker emblazoned with the one-word headline in letters five inches high—"murder!"

CROWDS POURING out of the theaters, and thousands of cars touring the brightly lit coronation route, added to the confusion.

Earlier a crowd of several hundred gathered near Prime Minister Churchill's No. 10 Downing street residence and sent up a groan as Big Ben tolled the scheduled death hour.

Then they stood silent a minute before milling up past Government buildings to join other demonstrators in Piccadilly Circus.

LAST DITCH FIGHT—Demonstrators, who increased in number after the Supreme court rescinded a stay of execution for convicted atom spies Ethel and Julius Rosenberg, parade up and down in front of the White House. The couple was executed in the electric chair at Sing Sing Prison, N. Y. last night.

Federal Jury Convicts 7 Defendants In Hawaii's Red Conspiracy Case

HONOLULU, June 19 (P)—A racially-mixed Federal court jury today convicted all seven defendants in the Hawaii Communist conspiracy case.

The defendants—six men and one woman—were charged with violating the Smith act by conspiring to teach and advocate violent overthrow of the Government.

The defendants included Jack W. Hall, Hawaii director of Harry Bridges' International Longshoremen's and Warehousemen's union.

Other defendants are: Charles J. Fujimoto, 34, former soil chemist and now chairman of the Communist party in Hawaii. He is the only admitted Communist in the islands.

FUJIMOTO's wife, Eileen, 32, a stenographer.

Dwight James Freeman, 40, a construction worker.

John E. Reinecke, 48, former school teacher.

Koji Ariyoshi, 38, editor of the left-wing weekly newspaper, Honolulu Record.

Jack D. Mimoto, 46, Honolulu Record employee.

None of the defendants took the stand in the seven months trial.

THE JURY was composed of Americans of Chinese, Japanese, Hawaiian and Caucasian strains.

The Government presented 12 witnesses and 8,000 pages of testimony to support its charge that the defendants were involved in a Communist plot.

The Government closed its case on two contentions: That the defendants were members of the Communist party "with knowledge of the party's nature and aims," and that the party's goal was overthrow of the Government by force.

Federal Judge Jon Wiig, who heard the long trial, emphasized early in the hearing that membership in the party was not illegal.

THE DEFENSE presented 50 witnesses to support its contention that individual intent had not been proved.

The defendants were arrested Aug. 18, 1951. Legal sparring delayed opening of the trial until Nov. 5, 1952.

HOUSE APPROVES FOREIGN AID BILL

Strong Demo Support Gives President Vote of Confidence

WASHINGTON, June 19 (P)—Strong Democratic support gave President Eisenhower a vote of confidence today when the House approved without change a \$4,998,723,500 foreign aid program for the coming year.

The roll call vote on final passage was 280 to 108.

The measure now goes to the Senate.

Democratic votes enabled GOP leaders to beat down more than a dozen attempts to cut the bill up to half a billion dollars. Almost all of these amendments were offered by Republicans, and half of the Republicans present supported proposed major reductions.

Representative Vorys (R-Ohio), leading the Administration fight, had called the bill a test of congressional confidence in the President's foreign policy.

THE HOUSES sustained cuts of 476 million dollars made by the foreign affairs committee in the President's "minimum" budget for the year beginning July 1.

Despite strong appeals by leaders of both parties, to support the President, two efforts were made to cut the whole program by half a billion dollars. Other amendments proposed eliminating military aid to Yugoslavia, Spain, Portugal and Japan.

The House sustained an Administration-opposed committee amendment withholding more than one billion dollars of aid for Europe until the European defense community and its international army are set up.

The measure only sets a ceiling.

Berlin Crowd Raids Red Party Quarters; Officials Flee Mob

BERLIN, June 20 (P)—A crowd of 2000 Germans, aroused by events in East Germany, raided a Communist (Socialist Unity) party office in the US sector late today and forced several Red officials to flee through a back door.

Furniture, propaganda publications and pictures of Stalin were thrown in the street and burned. West Berlin police reported they made no arrests.

The outburst developed as a wave of arrests by the Communist People's police spurred rebellious East Germans back to work.

Tension increased tonight when Communist police shot a West Berlin businessman as he unwittingly stepped into Soviet territory near Potsdamer Platz.

THE VICTIM, Karl Wilhelm Kindel, 27, ran back to the West, a bullet hole in his arm.

Kindel had been walking along Stresemannstrasse where the buildings are American but the sidewalk is under Russian control.

Meanwhile, an explosion and fire broke out tonight in a war ruin on the Soviet side of Eberstrasse—used as a military outpost. Shots and screams were heard. The opposite side of Eberstrasse is British.

People's police arrested scores from among 680 East Berliners who tried to return to their homes from the West tonight at three border crossing points opened up for them by the Soviet command.

Those seized were accused of rioting.

Peiping's Red Radio Blasts Release Of Anti-Communist Korean Prisoners

SEOUL, Saturday, June 20 (P)—Peiping radio filled the air today with angry blasts at the mass release of anti-Red North Korean prisoners ordered by President Syngman Rhee, who received a stinging rebuke from President Eisenhower.

Nearly 26,000 North Korean prisoners were on the loose somewhere in South Korea. They were promised money, food and medical aid by South Korean officials meeting in secret session at Pusan, temporary capital.

US patrols searched half-heartedly for the prisoners, unwilling to shed the blood of these foes of Communism but mindful that Rhee's drastic move might spell ruin for an armistice just as it was in sight.

After denouncing the mass release and charging the US Army "connived with the Syngman Rhee gang," Peiping reported that the Communists had "demanded" today's full dress meeting of the truce delegates at Panmunjom.

THE SOUTH KOREAN President received in silence a cable from Eisenhower declaring Rhee had violated United Nations' command authority in ordering the release of the North Korean prisoners.

The facts were these: Only about 9000 anti-Red North Koreans remained in Allied custody whereas

the Allies had agreed to turn over more than three times that number to a neutral nations repatriation commission under terms of the proposed armistice.

Peiping radio declared that "the whole world is now turning to the US government to see how it will deal with this outrage."

Between midnight and dawn Thursday, more than 24,000 prisoners aided by South Korean guards stamped out of four camps and vanished into the cities and hills of South Korea.

Then Thursday night and early yesterday, nearly 2000 more anti-Communist prisoners broke from four other camps and from two camps where escapes had been made the previous night.

Eisenhower Plans To Appeal to Reed

WASHINGTON, June 19 (P)—President Eisenhower today arranged to make a personal, direct appeal to Representative Reed (R-NY) to drop his blockade against House consideration of an extension of the excess profits tax.

Reed, chairman of the tax-writing House Ways and Means committee, so far has balked at calling a meeting of his group to vote on the President's request for a six months continuation of the tax, now due to expire July 1.

House GOP leaders say they have the votes to get a continuation bill out of the committee and to the House floor if only Reed will call a committee meeting.

ELECTRIC CHAIR CLAIMS LIVES OF ATOM SPIES

Julius, Ethel Rosenberg Show No Emotion in Face of Death

(Continued From Page One)

they talked for 90 minutes through the wire mesh screen of the death house visitors' room.

And after the swift succession of midday events had swept away all but the slimmest of remaining hope, prison officials allowed them to spend the afternoon together until 6:20—10 minutes before the fatal hour.

Then they were separated and prepared for the chair.

The two did not get the special final dinner traditionally allowed those about to die because the rapid sequence of developments through the day prevented this one detail of the machine-like precision of prison routine.

THERE HAD been some speculation that the doomed pair might at the last moment save themselves by confessing whatever they might concerning the espionage for which they were convicted.

Throughout the trial and in all the subsequent months, however, they contended they were the innocent victims of a frameup.

It was understood that a special telephone line had been kept open from the prison to the Justice department in Washington so that if either of the Rosenbergs opened up, a last-minute presidential reprieve would be possible.

Other than talking to each other and being visited by the chaplain, the Rosenbergs saw only prison officials on their last day.

No visitors approached Sing Sing to see them until, two hours before the executions, Rosenberg's brother, David, arrived at the gates. He was passed through the cordon of State troopers who had been detailed to form an inner defense against possible demonstration. Local police manned barricades set up four blocks away.

IT WAS too late, however, for David to be allowed into the death house and after a few minutes, red-eyed and lips trembling, he came out and was driven off in a police car.

Other members of both families remained in New York city, doors locked against questioning.

After word of the execution had been received, Mrs. Tessie Greenglass, Ethel Rosenberg's mother, collapsed at her apartment in an old tenement on the lower east side. A doctor was called and he administered a sedative.

The wildest excitement centered on downtown Broadway in Manhattan as a crowd which police estimated at 5000 swarmed to attend what the sponsoring National committee to secure justice in the Rosenberg case called a "prayer meeting."

DEATH COMES TO ROSENBERGS

Electrocution in Sing Sing prison's death chair last night marked the end of a long chain of legal maneuvers for Julius and Ethel Rosenberg, man and wife convicted March 29, 1951 of spying—of helping to steal US atomic secrets for Russia. Mrs. Rosenberg's brother, David Greenglass, testified for the Government and got off with 15 years at a later trial. Morton Sobell, tried with the Rosenbergs, got 30 years.

Rosenberg Case Began in England and Ended in Death

NEW YORK, June 19 (P)—The first a-bomb in the New Mexico desert back in 1941.

Fuchs confessed that he had spied for Russia at the super-secret atomic plant. Britain sentenced him to 14 years' imprisonment, the maximum sentence under its laws. But the things learned from his confession prompted tendrils of inquiry across the Atlantic.

On May 23, 1950 an American FBI agent put his hand on the shoulder of Harry Gold, a rabbi, timid Swiss-born chemist in Philadelphia. He too talked readily, received a 30 year prison term. His words helped advance the trail.

It was only three weeks later that David Greenglass, a short \$55-a-week machinist who was formerly an Army sergeant at the Los Alamos, N. M. home of the A-bomb, was picked up. His wife, across the border at Laredo, Tex.

Thrice thereafter, Judge Kaufman had to reset the date of electrocution at attorneys for the young dark haired couple, in a determined series of appeals, motions and pleas for clemency repeatedly carried the Rosenberg case to the United States Supreme court.

THE POLICE trail which led to the Rosenbergs began three thousand miles across the sea on a blustery February day in 1950 when Scotland Yard ended its own pursuit of Dr. Klaus Fuchs. Now 41, Fuchs was a brilliant naturalized Britisher who had played an important part in creation of the

Greenglass, knowing he was in a tight spot and with his life at stake, talked. He happened to be talking just as war in Korea erupted.

A few weeks later, on July 17, Julius Rosenberg, Greenglass' brother-in-law, was arrested on New York's lower East Side. On Aug. 11, David's older sister, Ethel Rosenberg, was picked up.

Two more pieces in the espionage jig-saw were still to be fitted into place. Action came swiftly. On Aug. 17, the Government indicted Anatoli Yakovlev, former Russian vice-consul in New York who had gone home in 1946. The next day came the arrest of Morlos Alamos, N. M. home of the A-bomb, was picked up. His wife, across the border at Laredo, Tex.

YOUR GEM STORY FOR TODAY

BLOOD

This is not a Gem story, but it's far more important to read than the story of any Gemstone.

Many people believe that with the signing of the Armistice in Korea whole blood will no longer be needed. Well, the armistice is not signed, but even if it would be, the whole blood is and will be urgently needed for a long time to come.

Perhaps you don't realize that whole blood lasts only 21 days. After that it must be processed into plasma. Many people feel that if they do give blood, it will be stored somewhere in a hospital and perhaps never used for a wounded soldier. This is not true.

Every bit of blood that is collected on the next Blood Donor Day, June 24th, will be used for a veteran. We make you this personal guarantee: If you donate 1 pint for an appointment and keep that appointment at the Pottstown Armory on June 24th, between 1 and 6:30 p. m., your blood will be in the body of a wounded soldier in Korea no later than July 24th of this year.

Give me just 1 pint of blood and I will guarantee you that you will be a part of the tremendous personal contribution of directly and personally saving a boy's life in Korea. That's worth far more than a money.

So, get rich—phone 2655 now, before you forget. Get a convenient appointment to give blood at the Pottstown Armory, June 24th.

See you next Saturday.

Minister Returns From Search for His Missing Father

The Rev. A. Burtis Hallock Jr., pastor of First Presbyterian church, returned to Pottstown yesterday after taking part in a futile, two-day search for his 75-year-old father, who disappeared Wednesday night from a convalescent home and hasn't been seen since.

The father, the Rev. A. Burtis Hallock Sr., West Chester, who retired as a Presbyterian pastor 20 years ago, wandered away from the convalescent home in Newtown Square at 6 p. m. Wednesday, only a day after he arrived there.

Boy Scouts joined a searching party that scoured the nearby woods. State police have sent out teletype messages. The missing man is 6 feet tall, slender and was wearing an Eisenhower jacket, gray trousers and no hat.

The missing man lived in Pottstown the past Summer while his son was abroad.

A North York street woman drove her heavy 1952 sedan into a parked car on State street early yesterday morning.

Mrs. M. A. McNeal, 63 North York street, was proceeding south on State street, between Fifth and Sixth streets, when she hit the parked car of Frank Kasdras, 631 Water street.

The right front of Mrs. McNeal's sedan was damaged. The left rear fender of the Kasdras sedan was smashed.

Motor Patrolman Robert Scheidt took Mrs. McNeal home from the accident scene. Although she complained of a bump on the head she refused treatment.

Mrs. McNeal said, "I never knew of a car parked on State street before. It's a narrow street."

O'Hara township police captured Clifford Crawford, 28, and Raymond Menosky, 20, both of Pittsburgh, about a mile from the prison. Benson Fogle, 22, of Russellton, was caught while still on the 600-acre workhouse farm.

Fogle, making his second escape attempt, is serving one to five years for burglary in Indiana county. Menosky and Crawford also are serving robbery sentences.

Street, Spring City, was removed to the hospital in Friendship Community ambulance yesterday morning about 7 o'clock, after he was stricken with a heart attack.

Vacationing With Mercury Readers

By the VACATION EDITOR (Mercury Staff Writer)

In the hills of Old Virginia there's a quiet cottage in the tall pines under a Summer moon.

At the Jersey shore and on the beaches of New England, Florida and California laughter, sunbun, one-piece, two-piece and almost no bathing suits prevail.

In the dry flatlands of the Middle West a man can spit sparks after a dehydrating day on the road.

In the swampland of Georgia, Florida and New Jersey the mosquitoes sting like horseflies and sing like humming birds.

THESE ARE some of the choices which Pottstown vacationists run up against when they begin planning a Summer junket to another climate.

They say a vacation is good for the soul.

You don't always rest up on a traveling vacation. It's the change which serves as the elixer.

When you get tired of the old home town, when you begin complaining about the weather, the boss, your wife and the mother-in-law, it's time to hit the vacation trail and change your routine and your fortunes for a few days or weeks.

MAYBE YOU'LL find another state more suited to your disposition. Maybe you'll be tired of scratching ticks and mosquitoes and wiping perspiration in another party.

The Vacation Editor asks you include the full names and addresses of all persons in your party.

He is here at the office, King and Hanover streets, to lighten your vacation burden.

Don't wear out your arm and your patience addressing 100 cards to friends and relatives back home. Just send one card to the Vacation Editor and he will print your message where all your friends can read it and reproduce the scene on your card.

DON'T FORGET this important service. Your friends will be looking for your card in The Mercury daily vacation column.

Policeman Wins Praise From Judge; Convicted Driver Gets Fine, Jail Term

By Staff Correspondent

NORRISTOWN, June 19—President Judge Harold G. Knight today praised the police work of a Pottstown officer for arresting a motorist who had no license.

The recipient of the court's commendation was Patrolman William Mars, whose alertness caused the arrest of George J. Koval, 371 South street, at 1:30 a. m. May 16 on North Evans street.

Pointing out that nine out of ten motorists whose licenses are suspended are not apprehended for driving during suspension because of the difficulty in detecting them, Judge Knight said of Patrolman Mars: "The officer is to be commended. He is an alert officer."

The policeman testified he was driving a patrol car on High street and was stopped for the traffic light at Evans street when he saw Koval driving north on Evans street. He and Motor Patrolman Paul L. Galloway, who was in the patrol car with him, chased the Koval car for several blocks.

WHEN KOVAL stopped, the officer said, the defendant admitted readily he did not have his operator's license. The permit had been suspended for two months, from March 31, because of a reckless driving accusation.

"I only had two weeks to go," he commented ruefully in court.

"I want to ask you this question to test your frankness," said Judge Knight to him. "Was that the first time you drove your car since the suspension?"

"Yes it was your honor," replied Koval.

THE JUDGE smiled. "That's what they all say but I don't believe it."

"But it's true," insisted Koval. John H. Longacre, representing the defendant, told the court he believed that "Koval was being pretty well truthful in his statement" from his personal knowledge of the defendant.

"I would ask you to give him the benefit of the doubt on this," he told Judge Knight as he pleaded for leniency.

"I WILL do that," said Judge Knight. "But I do not have any sympathy for the defendant."

He directed Koval to pay the costs and a fine of \$100. Then he added that Koval was to be imprisoned for three months but if the fine and the costs were paid; the jail sentence would be reduced to one month.

Black Bull Continues AWOL Vacation at East Nantmeal Farm

Oh, for the life of an East Nantmeal Village bull! Especially a bull on vacation with a pasture full of cows.

Over in Nantmeal Village a Black Angus bull romps freely in the pasture of John Nestorick.

The prodigal bull came to the Nestorick farm two weeks ago. The farmer has been searching for the bull's owner ever since.

The year-old bull is yearning to continue his carefree life in the pasture, but the odds are against him.

HIS OWNER is bound to turn up one of these days and claim him. Nestorick has tried to alert the owner.

He has talked up the arrival of the black stranger in the village and placed an ad in The Mercury, but the bull remains unclaimed.

The Black Angus likes it in the pasture. Nestorick thinks he's a nice looking bull, but admits he's got a husky appetite.

Soviet Zone Press Raps New Aid to West Berlin

BERLIN, June 19 (AP)—The Soviet zone news agency ADN said tonight President Eisenhower's grant of 50 million dollars in new aid for West Berlin is to "finance terror and murder organizations."

"Because of the large expenditures for agents who plotted the provocations in the Democratic sector (the anti-Communist riots in East Berlin Wednesday) the cash boxes of these organizations have become empty," the Communist agency said.

CALLER TOSSES BOMB THREATS

Two Papers, Supreme Court Cited by Anonymous 'Phoner

WASHINGTON, June 19 (AP)—An anonymous telephone caller threatened today to blow up the Times-Herald building and also the Supreme court if the court ruled against Julius and Ethel Rosenberg, the atomic spies who were electrocuted tonight.

After the execution at Sing Sing prison, another anonymous caller threatened to blow up the Washington Star building, which also houses offices of the Associated Press.

Police were notified of the threats and took special precautions.

The call to the Star was received by a night telephone operator about 10:35 p. m.

The caller said:

"The Star is going to be blown up tonight."

NORMAN KAHN, night city editor, notified the police and a guard was posted around the building. All persons entering the building were required to show identification cards.

George Clark, day editor of the Times-Herald, said police and the FBI were notified of the threat to that paper and that precautionary measures were taken.

Policemen were stationed at the front and rear of the newspaper building in downtown Washington. The FBI had no comment.

Clark, who received the threatening call, said it came through about ten minutes after the Supreme court ruled on the Rosenberg case this morning.

HE SAID A man's voice, speaking deliberately, clearly and without the trace of an accent, said:

"Listen carefully. If your paper doesn't stop calling for the death of the Rosenbergs, we are going to plant a bomb under your paper and blow you higher than hell."

And if the Supreme court rules against them, the same thing will happen to the court."

Clark said the newspaper reported the incident to the authorities as a matter of routine.

In a lead editorial in Thursday's edition, the Times-Herald said the Rosenberg case "has long since been reduced to a legal farce by the Communists and their auxiliaries."

Zionsville Area Church to Celebrate 124th Year With Week of Services

Salem Evangelical United Brethren church, Zionsville RD 1, will celebrate its 124th anniversary through the week starting June 21. Services will be held every night, except Monday evening. On Sunday, June 28, the church will hold a rededication service.

The deed to the present church property is dated April 2, 1830. Improvements have been made since the building in 1858. Some recent changes include more space for children's classes in the church school, modern rest rooms, a new heating system and a new carpet for the aisles and front of the church auditorium.

WORSHIP SERVICE will begin at 10:30 a. m. with Dr. J. A. Heck, president of the Evangelical school of Theology, Reading, as guest speaker. The Junior choir will sing for the morning session.

by women."

Clarence Smith, of H. F. Smith and sons, stationers, High and Charlotte streets, said that Father's Day cards have been zooming in popularity the past few years.

The hottest item, he said, are cards sent to expectant fathers. Their sales have been doubling each year, Smith declared.

The only kind of card that Mother gets that Father doesn't are the ones sent to a woman for being "like a mother to me." For some reason, nobody sends cards to a man for being "like a father."

With card-senders, he either is or he isn't.

WITH THIS strange exception, Smith said, the Father's Day cards are about even with the Mother's Day ones.

Father's stature has increased so much recently that even jewelry no longer is too good for him, it is said.

well which his diligent and capable work in Pottstown has justly earned him. His loss will be a big one to the Pottstown hospital. He will be difficult to replace. He has done much for Pottstown hospital. However, he will leave Pottstown and his many friends with the satisfaction of knowing that he has accomplished great things and leaves a record of achievement behind him.

"While Mr. Seawell's resignation will become effective Sept. 1, he has volunteered to help the board secure a well-qualified, hospital-trained administrator."

"Also, Mr. Seawell will work with the new administrator and has offered to return to Pottstown from time to time in an advisory capacity, if needed."

SEAWELL, who figured prominently in the successful conclusion of the fund drive which will mean a two-million dollar addition to the present hospital, said last night, "The board has been very kind to me. It was very flattering to know that they wanted me to stay. I'm going to miss Pottstown more than any other community I have left."

A graduate of the University of Missouri in 1923, Seawell entered the hospital field in 1934 as assistant superintendent of Baylor University hospital, Dallas, Texas.

He was named director of the university hospital in 1938 where he remained until 1940.

He then resigned to accept a position as administrator of the Peter B. Smith City-County hospital, Fort Worth, Tex. He held that post until coming to Pottstown in the Fall of 1946.

IN POTTSTOWN he is a member of First Baptist church, the Aircraft Owners and Pilots association and has served as chairman of the Pottstown Minute Men. He was one of the promoters of the successful air show at Pottstown.

The soldier, Pvt. Wesley A. Prince, 23, received face and head injuries. The driver of the car Sgt. Charles A. Servo, 23, of Alpine, N. J., was reported in critical condition at Our Lady of Lourdes hospital, Camden.

THE CAR careened out of control for about 120 feet, jumped the curb and struck a utility pole, shearing it off and ripping down electric wires.

Electric service was cut off in about 800 homes for more than two hours in the Berlin-Alto area.

26-Year-Old Hurled Against Pole Near Mont Clare

A 26-year-old Pottstown man received multiple cuts of the face and body when he was hurled against a telephone pole that his coupe hit near Mont Clare yesterday morning at 3 o'clock.

Charles J. McCarthy Jr., 153 King street, was admitted to Phoenixville hospital for observation after he was treated for cuts of the face, right side of the chest, right leg, left elbow and left hand.

Preliminary reports indicated there were no fractures.

He was driving west on Egypt road when the car ran off the road near Route 29 and hit the pole. McCarthy apparently was thrown forward into the pole.

Jeffersonville State police investigated.

Everything from an extra pair of shoe laces to a bar of soap was thrown in duffle bags which were secured on the roof of Stanley Boyer's car. Boyer, who lives at 111 Berks street, Stowe, is the group adviser.

street on West High street. The trio suffered serious injuries and was rushed to Pottstown hospital.

The accident marked the third fatal crash in the Pottstown area in a week, and resulted in a campaign by The Mercury to decrease death toll caused by highway accidents.

After numerous conferences, police committee voted to install speed traps at three locations in the borough, on West and East High streets and on North Charlotte street.

PERIODIC SPEED traps since the first of the year have netted a number of speeders.

In his opinion Judge Corson cited testimony of an eye witness, Vincent Magliocchetti, 511 West Race street, who had been following Masser for nearly a mile before Embody's car hit the Douglassville motorist's sedan.

He wrote, "This witness testified that he had been following the car of the deceased for a period of seven-tenths of a mile and was a distance of approximately 125 feet behind it at the time the collision occurred."

"He testified the speed of both cars was 35 to 40 miles per hour."

THE OPINION continued, "Irrespective of the question of whether any high speed or recklessness was shown, there was ample evidence to justify a finding by the jury that Embody operated his car upon the left-hand side of the road."

"The weight and significance of such testimony is, of course, for the jury and we feel that its competency cannot be questioned. We feel that there was sufficient evidence to sustain the verdict of the jury that the deceased died as a result, and in consequence, of the unlawful act of Embody driving upon the left side of the road."

agreement on the part of South Korea?"

Rhee was meeting with his cabinet in Seoul even as the Reds were making their protest at Panmunjom.

THE COMMUNISTS said flatly that if the Rhee Government were included in any armistice pact, then the Allies "must be responsible for recovery immediately" of the 26,000 escaped North Korean POWs.

Further, the Reds demanded, "your side must give assurance that similar incidents absolutely will not occur in the future."

The Communist protest said Rhee's defiant release of the prisoners came at a time when a truce was "ready to be signed."

Under the agreement, 32,150 North Korean and 14,200 Chinese POWs who refused to return to their Red homelands were to be turned over to a five nation repatriation commission. The Reds' own people were to be given an opportunity to ease the prisoners' fears. If they still resisted, their status was to be discussed by a political conference.

IF THEY REMAINED steadfast against repatriation, they were to be freed in South Korea and permitted to go to countries of their choice.

Rhee took matters in his own hand, cut through the armistice terms and saw that most of the Koreans in Allied captivity were freed even before an armistice was signed.

The Red protest charged that the Allied command was aware long before the break out of South Korea's threats to turn loose the prisoners.

"Yet your side did not adopt any actual measures to prevent and stop the occurrence of this incident," the protest said.

"THIS PROVES that your side deliberately connived with the Syngman Rhee clique in carrying out its long premeditated scheme of violating the agreement on POWs and obstructing the realization of an armistice."

After the first mass breakouts, US troops were ordered to replace the South Korean guards. About 1000 of the POWs were recaptured but the great bulk of the 26,000 prisoners slipped easily into the South Korean population.

A Job Well Done

A. C. (BERT) SEAWELL has definitely de-
cided to leave the Pottstown hospital to
become administrator of the new multi-mil-
lion dollar Butler County, Pa., Memorial
Hospital.

He takes with him the best wishes of
a community deeply indebted to him for
his fine management of the Pottstown hos-
pital. Coming here six years ago when there
was a lot of work to be done, Seawell rolled
up his sleeves and did the work admirably.
Butler is fortunate; Pottstown will miss
Seawell.

Hi, Pop!

THE MAN OF THE HOUSE

We like to think of him there
Seated in his easy chair
Smoking his pipe in slippers ease.
Kindness, strength, bonhomie—these
And comradeship, his virtues are.
So think of him if near or far.
Remember, every bright-faced lad
It's very good to have a Dad,
And most of them are grown-up boys
Willing to share your hopes and joys.

TOMORROW'S Father's Day.
There's nothing legal about it, and un-
like Mother's Day it is without benefit of
presidential proclamation.

But just the same it looms big and heavy
in the heart of
every loving son and
daughter.

Pop will be king
tomorrow. It may
not happen again
for 365 days, but
tomorrow he's king
and his loyal sub-
ject will adore and
adorn him with fit-
ting tributes.

Mostly neckties,
Salt and pepper;
nip and tuck; to and
fro—they go together. And so ties and
Father's Day are synonymous too.

Ties are symbolical although other items
are given in great quantities too.

Pop usually doesn't like the ties—at least
most of them. But that doesn't matter. It's
the spirit of the remembrance and the sym-
bol of appreciation for all he's done for his
kids.

Father's Day is a modern invention,
created by those who felt if Mom had her
day Pop should have his and maintained an-
nually by those who have ties and sundry
other assorted items for sale.

Father's Day had a long-time histori-
cal heritage. Earliest Father's Day was
in ancient Greece. Then Zeus, father of
the gods and also human fathers, re-
ceived honors and gifts.

Then down through the ages, Father's
Day was sort of lost in the shuffle of the
Napoleonic wars, sagas across the
unchartered Atlantic and pushing back Western
frontiers. During those many years venerated
colonial fathers who had 20 children
and 100 or more grandchildren missed out
on a lot of neckties. Too bad.

But in China, father is loved twice a year
—once in the Spring and once in the Fall.
On those days sons visit the tombs of their
forefathers, then feast their own fathers and
bring them gifts.

So tomorrow in 1953 A.D. we pause in the
turmoil of a busy day to be kind to father.
It's his day. Tell him you love him. Get out
his slippers. Make him comfy before his
favorite television program. Give him a
good cigar. And don't make him wear that
tie unless he really wants to.

Hi, Pop! We love you!

Society Racing
THE stock car races down at Sanatoga are
going society.

The regular Saturday night races this
week are being sponsored by the Pottstown
Hospital auxiliary for its orthopedic clinic.

Like stock car races?
Here's a great opportunity to see them
and give a helping hand to a very worthy
charity at the same time.

Dear Sir 'n' Brother:

Wal, I see whar Pottstown is gittin' some
branch banks. That ain't nothin' new.
We've had branch banks
out here for years. That's
the banks of the West
branch of the Perkiomen
creek and the banks of
the East branch too. I
don't see whar Pottstown
is crownin' so loud about
This ole stuff.

This shore is vacation
time, and I see by The
Mercury that a parakeet
and a black Angus bull
are away for a good time. Wal, I hope they
send postcards to the vacation editor. I al-
ways wondered if a bull really would go to
a china closet if he got on the loose.

Hopin' you air the same.

Paul Warns Against Lust, Urges Spiritual Love

Walk in the Spirit and Love Thy Neighbor as Thyself, Disciple Affirms

The Golden Text

St. Christopher carrying the Christ Child across the river.

"For ye, brethren, were called for freedom; only use not your freedom for an occasion to the flesh, but through love be servants one to another."—Galatians 5:13.

Scripture—Galatians 5:6.

By NEWMAN CAMPBELL

THERE ARE so many fine lessons to be learned in the two short chapters which bring to a close Paul's epistle to the Galatians. Doubtless many fine helpful sermons have been preached from them, and more will be.

Liberty is a word which is much bandied about in the world today. We all desire liberty for ourselves and theoretically for all humanity. However, when we have it, do we always use it for our good or for the good of others? Liberty is not license. Children whose parents give them a great deal of liberty may use it for doing lawless and destructive acts, and we adults often fall into the same fault.

Paul writes to the Galatians. "Ye have been called unto liberty; only use not liberty for an occasion to the flesh, but by love serve one another. For all the law is fulfilled in one word, even this: Thou shalt love thy neighbor as thyself."

"Walk in the Spirit," Paul urges the Galatians, "and ye shall not fulfil the lust of the flesh."

From childhood to old age human beings are in constant warfare within themselves—between the desire to do what is right and the urge to do what pleases them in a purely physical sense.

Paul lists a large number of "works of the flesh": which we must avoid if we would inherit the kingdom of God: Among them are: idolatry, witchcraft, hatred, variance, emulations, wrath, strife, seditions, heresies, envyings, murders, drunkenness, revelings, and such like. But the fruit of the Spirit is love, joy, peace, long-suffering, gentleness, goodness, faith, meekness, temperance; against such there is no law."

How much more appealing is the list of virtues if we can only attain them. The man, woman or child who lives as Paul (and Jesus) would have us, would experience liberty and happiness. Had would be a successful life, if he was either just a common person or a world-famous one.

Injured Woman Undergoes Surgery

The Pottstown RD 4 woman who broke the lower part of her leg at work in the Pottstown Shirt company Thursday underwent a serious operation yesterday.

Verna Schock, 44, was reported in "very good condition" by her physician, Dr. M. Morton Gratz, last night.

The physician performed an "open reduction" operation after X-rays showed the bone fragments were not in alignment.

The doctor explained, "After X-ray readings in the morning we learned an open operation was necessary to get the bones in alignment."

"She will be X-rayed again next week. Her immediate post-operative condition was good."

"An examination of the X-rays showed a second break in the leg, a break in the fibula bone near the joint. The break in the lower leg required a vitallium plate to put the broken fragments in place."

The Practice of Christian Liberty

Paul writes the Galatians, "For, brethren, ye have been called unto liberty; only use not liberty for an occasion to the flesh, but by love serve one another. This I say, Walk in the Spirit, and ye shall not fulfil the lust of the flesh."

ILLUSTRATED SUNDAY SCHOOL LESSON

By Alfred J. Buescher

Among the "lusts of the flesh" that Paul lists are idolatry, hatred, wrath, strife, envyings, murders, drunkenness, revelings and such like, "of which I tell you before, they that do such things shall not inherit the kingdom of God."

"Brethren, if a man is overtaken in a fault, ye which are spiritual, restore such a one in the spirit of meekness; considering thyself, lest thou also be tempted. Bear ye one another's burdens, and so fulfil the law of Christ."

STRENGTH FOR THESE DAYS

Watch therefore, for ye know neither the day nor the hour wherein the Son of Man cometh. —(St. Matthew 25, 13.)

If each of us were to know the exact moment which would be his last upon this earth, then we might say, "Well, in that hour of that last day, I shall prepare myself to meet God." But, as Christ Jesus has said, we know not... the next moment might be our last — too late for redemption. Why, then, does anyone neglect the present moment of salvation?

"But How Can EDUCATED People Be Catholics?"

Some "intellectuals" reject the Catholic belief in Christ.

Jesus, they say, was a mere man—not God. Some of them acknowledge that he was a great teacher and rank him with Buddha, Mohammed, Confucius and Moses. A few even claim that no such Person as Jesus Christ ever lived, and that the entire structure called Christianity is founded upon a myth.

While refusing to believe the Scriptures to be of divine origin, some of these educated people embrace Christianity because they feel that its moral laws are good for society.

"The service of the Christian religion," declared one of these doubters, "and my own faith in essential Christianity, would not be diminished one iota if it should in some way be discovered that no such individual as Jesus ever lived." They are, in other words, willing to accept Christ's religion—but not Christ Himself.

It is ridiculous, of course, to suggest that the Catholic religion is the religion of the ignorant. For millions of educated people... and many of the world's most distinguished scholars, philosophers and scientists... have been devout Catholics. But discounting this fact, there is abundant evidence to support the Catholic teaching concerning Jesus.

It is to be found in the Four Gospels, in which the real Jesus is revealed to us. "But," argue some

educated unbelievers, "you are assuming that the Four Gospels are an authentic recording of the life and teaching of Jesus Christ. We refuse to believe this."

The "intellectuals" are, of course, being anything but intellectual in taking this position. For there is more abundant proof of the genuineness of the Gospels than there is to support other historical records which scholars accept without question. References to the quotations from the Four Gospels date back as far as the first century of the Christian era... and are found in writings contemporary with the Apostles and the first Christians.

We will be happy to send you without cost or obligation, an interesting pamphlet explaining... Why you can believe the Gospel... How the Gospels were written... Who discarded the Gospels... Why educated and intelligent people should accept Christ and His Church. Write today—ask for Pamphlet No. KC-17.

Churches Set to Note Day Honoring Father

When the dawn breaks tomorrow, Pottstonians, like many others, will awaken to a new day, a day set aside for father.

To show his gratitude for this day, Dad may take his wife and children to church, where the true meaning and warmth of the day will be observed.

Many church observances tomorrow will have a two-fold meaning. 1. Pay tribute to the "link" which binds the family tree; 2. Pay solemn homage to the Creator who first cast the seedlings from which the tree has grown.

Locally, the observance will not pass by unnoticed, for many clergymen will use the theme, "Father's Day," in their sermons.

During the divine worship at Seale's Memorial Methodist church a special Father's Day service will be conducted at 10:45 a. m.

THE SERVICE will be in charge of the Baraca Bible class under the leadership of Claude Myers, class teacher. He will be assisted by Col. Daniel Britten. The Rev. Delaine Story, director of public relations at Firestone, will deliver the sermon.

The Rev. Dr. Luther A. Krouse, pastor of Emmanuel Lutheran church, will approach the Father's Day theme from another point. The topic of his address will be "When Fathers Fail."

The service at Emmanuel, which will begin at 10:45 a. m., will be attended by the members of the Brotherhood Bible class and Men's Bible class.

In commemorating Father's Day, the Sunday school of Trinity Reformed church will mark the occasion during its Sunday school session at 9:30 a. m., with the program in charge of the Young Adult class.

GUEST SPEAKER Dr. Alfred Bartholomew, of the Lancaster Seminary, will deliver the sermon at both the 8 a. m. and 10:45 a. m. services.

Another Father's Day program is planned at the Trinity Evangelical Congregational church during its Sunday school period at 9:30 a. m.

At the 11 o'clock worship service at Bethel AME, the Rev. Enoch N. Martin, pastor, will also direct his theme toward the day's observance. His general sermon topic is Father's Day.

The Rev. Edward S. Horn, pastor of St. James Lutheran church, will deliver the message, "Our Father," before members of his congregation at the 10:30 a. m. service.

Sermon topics by other clergymen may not follow the general pattern to the letter, but somewhere in the course of addressing their congregations, there will be a special mention of Father's Day and what it stands for.

JAPANESE STYLE—Seated in traditional Japanese fashion alongside the Rt. Rev. Michael H. Yashiro, Presiding Bishop of the Nippon Seikokwai (Holy Catholic Church in Japan), are the Hon. Francis B. Sayre, (right) personal representative to Japan of the Rt. Rev. Henry Knox Sherrill, presiding Bishop of the Episcopal Church in America, and Mr. J. Earl Fowler, Associate Secretary of the Overseas department of the National Council of the Episcopal church. A recent grant from the National Council of \$10,000 for the establishment of a Christian student center near the largest government university in Japan sprang from Dr. Sayre's suggestion.

Bible Words to Live by

GALATIANS 2:20—"I am crucified with Christ, nevertheless I live yet not I, but Christ liveth in me and the life which I now live in the flesh I live by the faith of the Son of God who loved me and gave Himself for me."

This verse embodies the secret of living not only for Paul but for me. We never begin to live until we enter into the fellowship of the Cross with Christ. Self dies in us then the living Christ dwells in us. We live the abiding life. We abide in the living Christ and He abides in us. The living Christ needs flesh today. When we let Him have our flesh He lives in us. We live by His faith. We pass His love and give ourselves as He did. Most persons would rather see a Christian deed than to hear the Christian doctrine expounded. There is no faith until it is lived in the flesh. The world is waiting for our Christian faith to be lived.

THE JOY OF LIVING

Ever notice how some people associate the joy of living with moments of care-free relaxation, while others seem to find equal happiness in both work and leisure?

Which seems most natural? Was man created with the capacity for finding happiness in his spare time only or was he endowed with a genius for reaping joy from both work and play?

Before anyone surrenders to the cynicism of the first theory, he owes it to himself, his neighbors and his God to give the second a real try.

For centuries the Church has been helping men to discover the deep and lasting joy of purposeful living. When your life has a purpose, linked to the Purpose of God... then every day reveals anew the joy of living!

THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Junior Service League Dance Set for Tonight

Junior Service league members and friends will frolic tonight in a Southern Plantation atmosphere. Scene of the dance is Brookside country club.

As dancers move about the wisteria and white magnolia blossomed room, some of the older members may recall the last league dance in 1938 which featured Southern Hospitality as its theme.

The affair will start at 10 p. m. A floor show will begin at 10:30 p. m. with numbers like the "Confederate Comedy." Included in the cast will be Mrs. John McCaslin, Clyde Saylor and Fred Cadmus.

The dance is informal. Mistresses of ceremonies will be Mrs. Herbert Maack and Jill Millard.

Most of tonight's entertainment is labeled "top secret." It will however, be in keeping with the plantation scene.

In 1931, the first of the league

dances was held and this year's affair marks the 19th of its kind.

Proceeds of the dance will be distributed among the various town charities. They include: toy clinic, Family Welfare, Maternal Health, Red Cross, Community Chest, Salvation Army, library, Pottstown and Memorial hospitals, YMCA, YWCA, and the Visiting Nurse organization.

President of the league is Mrs. Herbert Houck. Co-chairmen of the Ways and Means committee, which planned the dance, are Mrs. Herbert Drumheller and Mrs. Lawrence Flamm.

Take advantage of leeks and scallions, now in Spring markets, to give flavor to dishes. Chop them and add to scrambled eggs or a hard-cooked egg salad. Slice them and mix with lettuce and a vinegar-sugar dressing. Mince them fine and add them to cream cheese for a savory sandwich spread.

Janet Horn and Richard Rothenberger Married

Married in a double ring ceremony the past Saturday were Janet Lee Horn, 391 South Reading Avenue, Boyertown, and Richard Arlen Rothenberger, Gilbertsville.

Officiating at the ceremony at St. John's Lutheran church, Boyertown, was the Rev. David F. Longacre, pastor.

Parents of the bride are Mr. and Mrs. Ralph C. Horn, 391 South Reading Avenue, Boyertown. The groom is the son of Mr. and Mrs. Samuel Rothenberger.

Decorations in the church were palms, carnations, gladioli and mixed Spring flowers.

An organ recital was played prior to the service. Vocalist for the wedding was John Rose, who sang the "Lord's Prayer."

One hundred and fifty guests watched as the bride was escorted down the aisle by her father.

She was gown in a full length dress of white net and tulle. It had a round neckline and long sleeves.

Her medium length veil fell from a coronet of seed pearls and rhinestones. In the bride's hand was a prayer book with two white orchids on it.

Beatrice Horn was maid of honor for her sister. She wore pink net over tulle in an off the shoulder dress with a stole and matching hat.

Matron of honor was Mrs. Curtis C. Horn, sister-in-law of the bride. Her gown was styled as the maid of honor's, in yellow.

Patsy Rhoads was the bridesmaid. She wore a gown similar to other attendants, in lime green.

They each carried a fan of carnations and baby breath.

Best man was David Steltz, serving as ushers were Russell Conrad and James Stauffer.

Richard Horn, nephew of the bride, was the ring bearer. Donna Fay Williams, the bride's niece, was the flower girl. She wore an orchid gown styled as the maid of honor's.

Red and white bells were used for decorations at the reception, which took place in the American Legion home, Boyertown. It was attended by 150 persons.

Worn by the mother of the bride was a dusty rose lace tulle dress with white accessories. White accessories highlighted the light blue dress worn by the groom's mother. They both had corsages of white roses and baby breath.

The couple took a seven-day trip to Fernwood, in the Pocono mountains. Upon their return they will reside with the bride's parents in Boyertown.

Graduated from Boyertown High school, the bride works for Sheffield hosiery.

Her husband was also graduated from Boyertown High school, and is now in the Navy, stationed at Norfolk, Va.
